LET THE MUSIC PLAY

The title 'LET THE MUSIC PLAY' is written in a large, bold, black, sans-serif font with a white outline. The text is slanted upwards from left to right. A musical staff with a treble clef and several notes is positioned behind the word 'MUSIC'. The word 'PLAY' is written in a slightly different, more rounded font style. The initials 'B.H.' are visible in the bottom right corner of the title area.

"FREEZE FRAME"

St. Clair High School.
A place to meet friends;
a place to cheer on
our teams; and a place
to even fall in love.
Of course we can learn
something here, about
our world and... our-
selves.

SCHS--We Love You

When we think back to our high school days, we will certainly remember teachers, friends, and possibly enemies. But there are other things which we remember. Most notably things that the media have brought to us, for instance: movies, television features, news issues, and national phenomenons. While our school builds a common bond in the student body, the media are probably the common bond which all of the nation (or the world) shares.

The surprise hit movie of the year was Flashdance (picture 2). It grossed more than \$100 million. Flashdance created a national mania featuring not only the movie itself, but Flashdance fashions, Flashdancing, and Flashdance music.

If the biggest media craze of the year were to be pinned down to one person, it is Michael Jackson (picture 1), whose Thriller album is the third largest selling LP in history. Michael had 7 hits from Thriller (including 2 #1 hits), plus he hit #1 with another song with Paul McCartney. In addition to winning a record 7 Grammys, Michael also had a profound affect on the music video industry in which he encouraged great advances in the new medium.

Switching to TV, ABC Television brought us one of the most eye-opening movies in years when they broadcast The Day After (picture 3). It earned nearly 70% of the audience on November 20, 1983, giving it the highest rating of any show for the year.

The Olympics was the major event in sports in 1984 (picture 5--Rosalyn Summers, a silver medalist in figure skating). The U.S. earned 8 medal (including 4 gold) at Sarajevo, Yugoslavia in the XIV Olympic Winter Games. We are looking forward to July, when the U.S. Team will compete in the Summer Olympic Games at Los Angeles.

And now the news. 1984 is the year. 1984 is the book. George Orwell is the author. In 1948, George Orwell wrote 1984, in which he gave us his version of what life would be like in the year 1984. "Big Brother is

1

3

5

watching you" is a quote that has haunted us since the day 1984 was published. Perhaps this is why we are not as close to Orwell's depiction of society in 1984 as we might have been?

On October 25, 1983 the United States made a very controversial military move: the U.S. invaded the small island of Grenada. The Cubans who were occupying the island quickly surrendered, making the invasion a success.

The most tragic of the world events was in Beirut, Lebanon (picture 4). The U.S. peace-keeping force was in Lebanon for 34 months, and was scheduled to withdraw by May 17, 1984. Two Hundred and forty-one American soldiers were killed at the Marine compound in Beirut. We will always remember the noble cause of these American soldiers.

ACTIVITIES

Many activities went on at SCHS this year. They were all fun and a lot of people participated. Among these activities, were Spirit Week, Homecoming, sports events, and Halloween.

Spirit Week was held the week before Homecoming. Each day there was a different activity. For example: Hat day, Farmer day, Color day, etc.

Our Homecoming went well. Over 4,000 people attended the Homecoming game and the dance was also a success.

Our Sports events have gone very well and when students left the game they were always satisfied with the Saints performance.

On Halloween, the students that participated did very well. There were a lot of unique costumes. GOOD JOB SAINT CLAIR!!

ST. CLAIR WELCOMES THE EXCHANGE

Wildshausen, West Germany--Michele Gilleran spent part of the past summer in West Germany, her trip was sponsored by Youth for Understanding (YFU) and the St. Clair Lions Club. Michele's host family didn't speak any English, but she said communication was no problem and at times it was even funny. She also said she had the time of her life and highly recommends foreign exchange to anyone who has the opportunity. Michele is planning on hosting her host sister, Brigit, to America this summer.

Goor, Netherlands--Julia Brabender spent her past summer in the Netherlands. She stayed with the Tusveld family and their three children. She thought the main cultural differences were that the people seemed to be more open with each other, and that kids were given more freedom and treated with more respect. Julia had a great time and plans to return someday.

Heikki Makynen--Heikki, from Tampere, Finland, spent his senior year seeing what American high schools were like. The thing he liked most about America was the people. He also said St. Clair was much smaller than his high school in Finland. Heikki has been very active this year, he played football for the Saints, was on the Homecoming Court, and was a member of the Swim Team. Heikki plans to return to the States after he finishes college.

Wolf-Reiner Kruger--Wolf one of his favorite things about America is that the driving age is only 16, he also said there are more open spaces for hunting and snowmobiling. One of the biggest differences he found is that in Germany there is a different scheule every day, usually about 12 classes and to attend a university, 13 years of school is required.

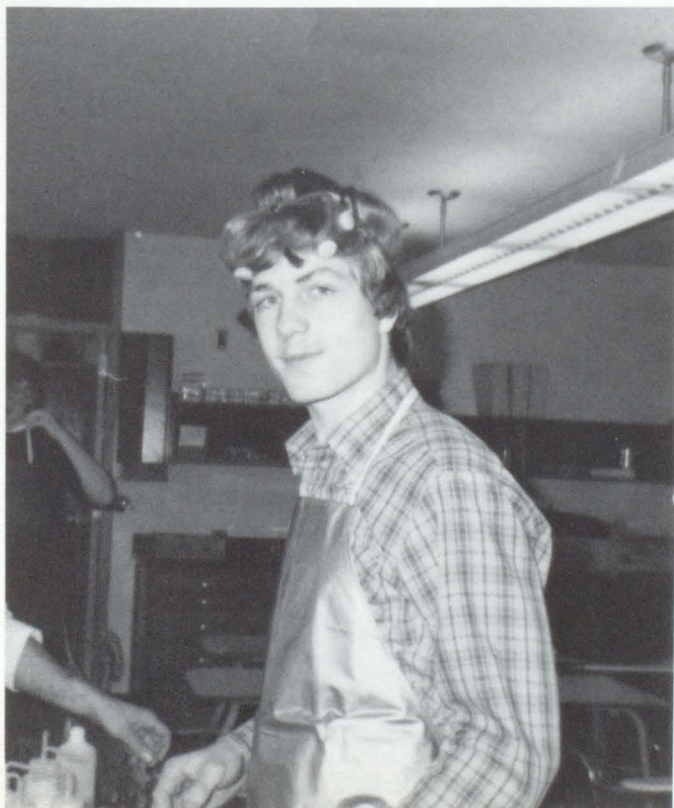

STUDENTS WITH "OPEN ARMS"

Nina Heino--One of the first observations made was that she feels school is easier in America. She also said that American high school students are crazy. One of the biggest differences, she said, was that in Finland, sports are not part of the school but separate, private clubs.

Corinna Nolting--Corinna, from Bielefeld, West Germany, came to St. Clair this year to see what America was like; and what she found was people that she liked alot. Corinna enjoyed playing Varsity Basketball and commented that St. Clair had much more spirit than her old school.

"WE MADE IT THROUGH THE RAIN"

This year's Homecoming will be remembered as the year of the rain and the Saint's valiant loss to Marysville. The theme of this year's Homecoming was Disney, with the class of '84 winning with their Pinocchio float entitled, "Saints are gonna win...and that's no lie." The second place float, "We're gonna THUMP on you", depicting Thumper, was the Junior's entry. Coming in third place was "Saints-R-Ruff" with Pluto by the class of '86.

JUNIORS

Here and Now was presented November 4-5 by the Junior class in the the SCHS cafeteria.

The drama takes place on the bare stage of the cafeteria and begins with a group of actors rehearsing the play. During the course of their rehearsals, the actors' identification with their characters becomes stronger and as the confusions and tensions of the roles surface, their own fears and anxieties emerge also. By the close of the play, the characters, actors, and audience learn that they aren't alone with the pressures and confusions that they feel today.

SPORTS

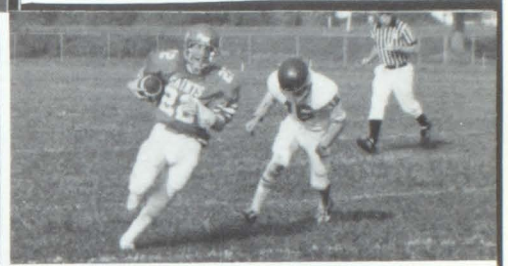

The athletic department, headed by Walt Koepke, affects every student of St. Clair High School in one way or another. Whether it is through pep assemblies and general spirit building or by active participation on a team, the results are equally important.

There were 14 separate sports sponsored by SCHS this year, with a total of 23 varsity and junior varsity squads in all. Of those, 16 are represented in this yearbook. These include all fall and winter sports. Unfortunately, due to our early deadline schedule, those sports which are scheduled in the spring are not featured.

The yearbook staff would now like to acknowledge these spring sports and extend our continued support to them. They are as follows:

- Varsity Baseball
- J.V. Baseball
- Varsity Softball
- J.V. Softball
- Girls Track
- Boys Track
- Boys Tennis

"JUMP SHOUT BOOGIE" WAS THE KEY TO THE GIRLS BASKETBALL TEAM'S SUCCESS

1

The Lady Saints Varsity Basketball team had an excellent season this year. Coach Fred Shaw led his team to a 15-3 overall and 9-3 league record to capture second place in the SCAL.

The Saints defense allowed an average of only 32 points a game, while the offense scored an average of 45.

THE SAINTS GOLF TEAM IS "JUST A SWINGIN' "

The 1983 Saints Golf Team deserves congratulations after racking up a remarkable 15-0 season. They placed first in the SCAL Tournament with the help of Karl Bublitz, who posted the lowest score with an 80, Jeff Pfent an 81, and Jeff Springborn who contributed an 83. The team also placed fourth in the regional tournament.

In the spring of 1983, the Varsity Football cheerleaders were chosen, so they would have enough time to prepare for camp. This year they attended camp at Ferris State College, in Big Rapids, Michigan. It lasted four days and three nights, and the cheerleaders learned mounts, jumps, and stunts. On the first night of awards, they won a pyramid building ribbon. This shows the great ability of the squad since mounts are illegal in the SCAL. On the second night they were awarded a sparkle and shine, for smiling and spirit. On the final night they won two ribbons: most improved and cheerleading skills, for their ability to know and perform new cheers.

THE VARSITY BASKETBALL PLAYERS

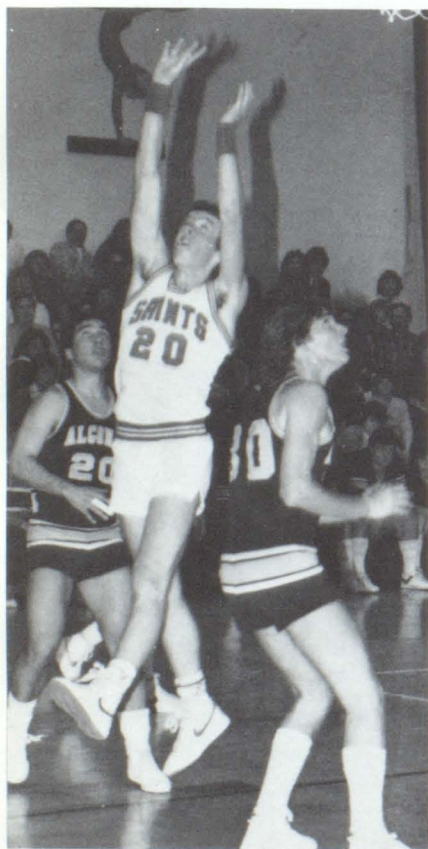

"JUMP" TO VICTORY

After the 1983-84 Saints Basketball team had gotten off to it's best start in six years, Coach Tony Monte, in his second year at St. Clair, was quoted as saying that the team has completely changed their strategy since last year. It is thought that this may have attributed to their number one rankings in defense and least number of points allowed in the SCAL.

In June of 1984 the team will travel to Finland to participate in a tournament. Their stay will last seventeen days and they are guaranteed to play in at least three games.

WE'RE FINALLY "UP WHERE WE BELONG"

There are as many kinds of champions as there are sports to participate in. One of the teams that St. Clair was most proud of was the Varsity Volleyball team. The girls showed excellent teamwork, and it was obvious that long hours of hard practice had been necessary to develop a squad of such exceptional skill. Still, skill and talent can only stretch so far, and it was a certain drive that made the team what they were. That drive will stay with them as long as they live. ST. CLAIR FACES ITS OPPONENTS WITH THE "EYE OF THE TIGER"

The St. Clair Lady Saints J.V. Volleyball Team had a great season. Although they didn't take first place in the St. Clair Area League, they took the next best thing, second. Their record was 18-2, falling just short of Richmond. Under the coaching of Betty Raulerson, the Lady Saints played very well as a team and showed excellent sportsmanship.

SWIM TEAM LIVES

"LIFE IN THE FAST LANE"

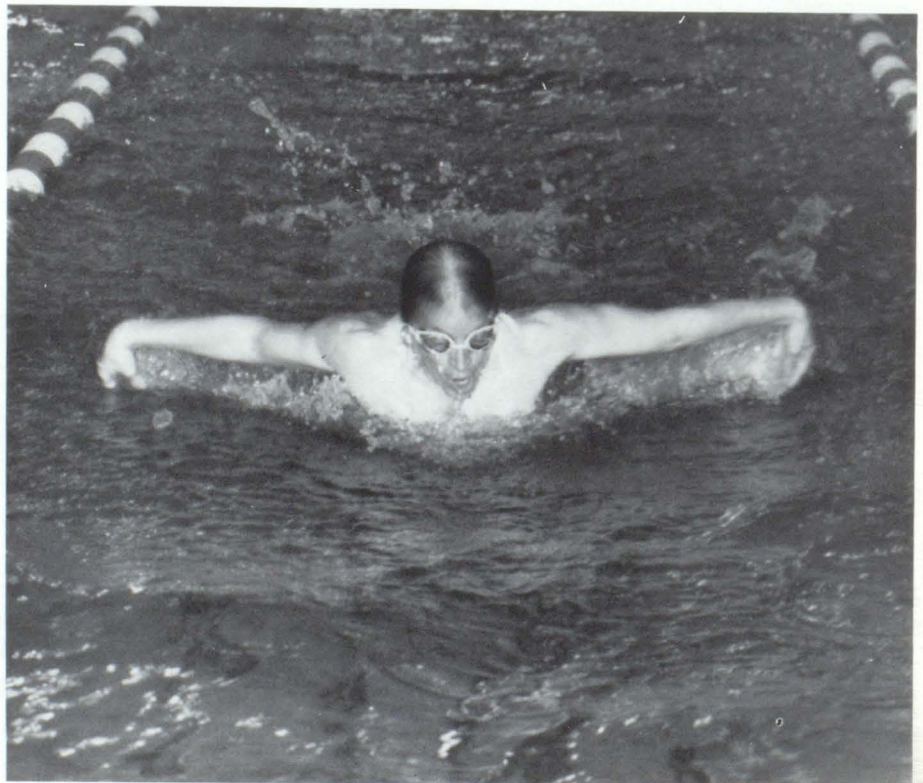

1

The Swimming Saints started off the '83-'84 season with an impressive 101-71 victory over rivals Marine City Mariners. They ended the season with a 3-12 record--an improvement over last year. Lakeshore and Roseville also fell to the Saints.

We wish the Swim Team, as well as reliable coaches Trish Mihaiu and Debbie Fleury great success in the future.

(1) Amy Ashley learns some of the ropes from Bridgett Klug. (2) Amy Risk demonstrates her spirit as she cheers a swimmer to the end of a close race. (3) The leading breast stroke swimmer for St. Clair is Mark Toms. Be sure to watch for Mark next year. (4) For those who think football is tough, swimming can be just as taxing on the body. In this picture, Heikki Makynen helps Rob Jechura out of the pool after a race which was obviously tough. (5) The divers play a very important role on the swim team, as this diver shows. THE VARSITY BASKETBALL CHEERLEADERS LEAD THE SAINTS IN "CELEBRATION"

The Varsity Basketball Cheerleaders led our crowds in cheering during both home and away games. They were responsible for showing our opponents our school spirit and accenting that great amount of spirit that the students of SCHS have.

They practiced hard Monday's, Wednesday's and Thursday's during the season and learned new techniques and cheers to show our roaring crowds. One of the most well done cheers was a performance to the song "Beat it" which they learned at summer camp. That camp was held last summer at Ferris State College. It's purpose was for the cheerleaders to learn all of the cheers, attitudes, and techniques that a cheerleader should know.

Varsity Basketball Cheerleaders of the 1983-84 season are: Debbie Wesley, Shannon McCallum, Tami Burgett, Amy Schwehofer, Lisa Solgot, Nina Antonini, Ginger Nesbitt, Tracy Shaw, Wanda DeMars, and Cheryl Brown.

J.V. CHEERLEADERS "FAITHFULLY" STAND BY THE SAINTS

Once again, this year has brought us a squad of Junior Varsity Cheerleaders that shows a lot of spirit and pep.

This hardworking squad of six girls practice two or three days a week under the supervision of Judy Springborn. During practices they polish their performances of chants, dances, and floor cheers and help stimulate school spirit by creating posters and signs to decorate our halls.

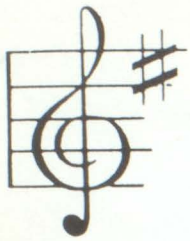

These sophomore girls aid the Varsity Squad at pep assemblies and assist in the organization of fund raisers. They show a lot of promise and it is certain that they will form a high quality 1984-85 Varsity Squad.

SOPHOMORES

The first year at high school can truly be a trying experience. A student must deal with several new challenges and failures, but when he or she perseveres, the rewards can last a lifetime. Rarely before has St. Clair High School seen a class with as much promise and potential as this year's sophomores. High school itself has changed in the last few years. New departments have been added and they were the first to be involved in these courses from the beginning. The class of '86 shows tremendous interest in academics, sports, and other activities. They were involved in fundraisers, and participated in student government. The largest class in St. Clair history, the sophomores also one of the most diverse. Their broad interests and unforgettable personalities have inspired the faculty and other students to unexplored heights of scholastic and athletic achievements. Good luck in your future class of '86'.

ACADEMICS

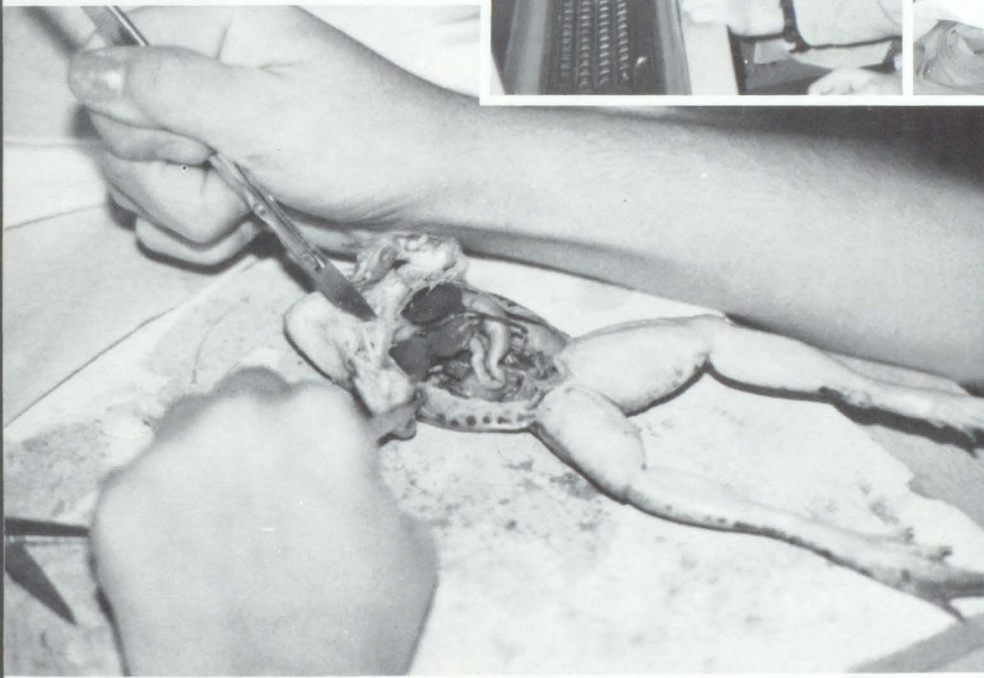

The Academic section of the yearbook features the classes we all go to, the teachers we all see, and the organizations that affect us all.

According to Webster's Dictionary "Academic" has several meanings. One were all familiar with: "of, relating to, or associated with an academy or school." However, it also means "Having no practical or useful significance."

To us, the students of St. Clair High School, it is the whole reason we are here.

The Academics represent the largest single feature in the yearbook, and rightfully so. We spend more time in our academic classes than any other activity at school.

THE SCHS ADMINISTRATION IS "WORKING FOR A LIVING"

Following in the footsteps of a long tradition of excellence, the SCHS administration continued to cheerfully aid the student body with all their questions, problems and concerns.

Mr. Walt Koepke is the newest member of the Staff. He has taken over the positions of vice-principal and athletic director and has, with the help of principal Roger Parmentier, made many improvements during the last year.

During the 1983-84 school year, the industrial arts department continued to train students for careers in many fields. Enrollment was high, and the traditional woodshop, metalshop, and drafting classes continued to produce products of both high quality and craftsmanship.

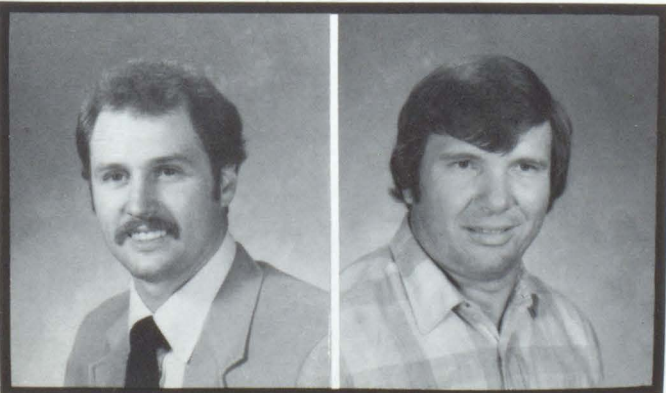

Mr. Witukiewicz, Mr. Thoel, and Mr. Irvin make up the fine teaching staff of this department. It is important to remember that without their assistance, students wouldn't have been able to create the fine projects that they did.

This year, all the practicing and planning really paid off for Ms. Kucera and her classes of Choir and St. Clair Singers.

With plenty of determination and hard work, they came off looking polished and very well trained in the many recitals given on behalf of the parents and of Central Office.

So congratulations are in order for accomplishing what they set out to do. It was a job very well done.

ST. CLAIR COLOR GUARD—

The Color Guard, coached by Mrs. Lori Wheeler, built a very favorable reputation for their performances at pep assemblies and football games during 1983-1984. They placed 2nd out of 11 teams in a competition at Eastern Michigan University and then were invited back to perform during halftime of the CMU vs EMU basketball game on January 28, 1984.

The yearbook staff wishes them continued success in future competition.

"I'VE GOT THE MUSIC IN ME"

Once again the SCHS Band marched to unexplored heights of musical excellence. Director Robert Wheeler led his players to area-wide recognition for both their marching and musical excellence. Members of the band develop not only musical appreciation, but teamwork skills of lifelong value. The Marching Saints participated in half-time activities, EMU Band Days, and will play at Cedar Point in the spring.

THE BUSINESS DEPARTMENT IS "TAKING CARE OF BUSINESS"

The rewarding business classes at SCHS give the experience of clerical work so important in today's world.

Typing and accounting are two valuable skills necessary in any walk of life. Classwork in more advanced classes deals with administrative, correspondence, legal, and medical assignments. Students also are instructed on how to improve their listening and writing skills.

"A E I O U AND SOMETIMES Y"

Most people would agree that understanding and learning to communicate well are two of the most important things gained from an education. The English courses at SCHS cover many of the bases necessary for this proficiency in our language. There are classes in literature such as, Shakespeare, Novel, and American Literature; while other classes study the writings of ancient mythology and passages from the Bible. Classes concentrated in composition and speech round out the department.

(1) There's always action in Mr. Roberts' room. (2) Jeff Schweihofer, Bruno Hohmann, Michele Gilleran, Beth Everitt, and Kelly Schroeder take on a challenging College English essay. (3) The works of William Shakespeare are studied by Mary Smith, Lisa Buslepp and Chris Groves. (4) Jeff Rancilio's friends ignore his joke and devoutly return to their studies. (5) Mr. Roberts caught candidly reading. (6) Mr. Malawitz illustrates his point--with a little help.

FOREIGN LANGUAGE STUDENTS ARE "SPEAKING IN TONGUES"

Se habla espanol? Parle vous francais?

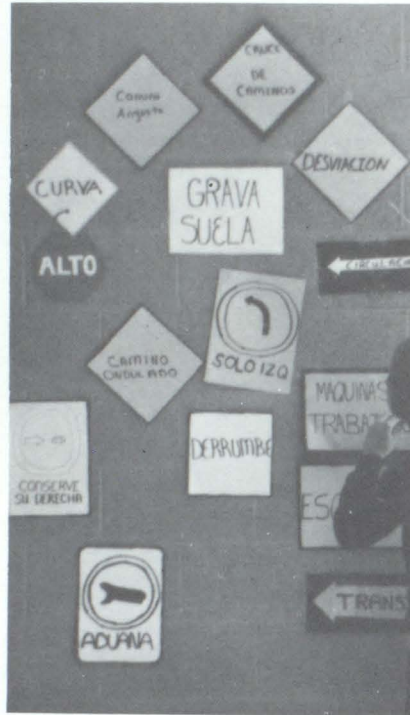

If you had French or Spanish, you would know what these phrases mean.

The first phrase is Spanish. Under the direction of Mrs. Horning, the Spanish students learn simple conversation, vocabulary, Spanish customs and grammar.

In French class, Mrs. Clyne's first and seconds year students use the material they've learned to produce plays and skits in French.

The knowledge of a second language is a attribute that is very scarce in the United States, but with the help of the St. Clair Foriegn language teachers some of the indusrious students can gain a good understanding of a second language.

(1) Spanish signs decorate the foreign language room. (2) Fourth year Spanish students: Amy Risk, Pam Sparshu, and Courtenay Kinney. (3) A group of hard working Spanish students. (4) Denise Daly concentrates on French verbs. (5) Mrs. Clyne makes good use of her blackboard. (6) Pat Wingate and Joanne Mitchell take a break after a vigorous class. (7) Mrs. Ella Horning, Spanish teacher.

"KEEP THE FIRE BURNIN' "

The family is the basis of our culture, and thus, promoting the family is very important. SCHS is very proud of its unparalleled Home Economics program. Household skills often go unnoticed, and unjustly so. The talented staff of the program teach cooking, sewing, and family living. Students learn to do these things with an ease that makes them as enjoyable as they are efficient. The co-ed classes teach skills that last a lifetime.

(1) Mary Ann Koch really enjoys doing cross stitch patterns. (2) Sachika Takeda showed the class some of her cooking customs from Japan. (3) Christy Garmen is putting on her finishing touches. (4) Dawn Shagena measures her jacket to see if it long enough. (5) Learning how to cut chicken parts was not one of Pam Martens' favorite things. (6) Denise Malich gets frustrated at her machine because it was not working right.

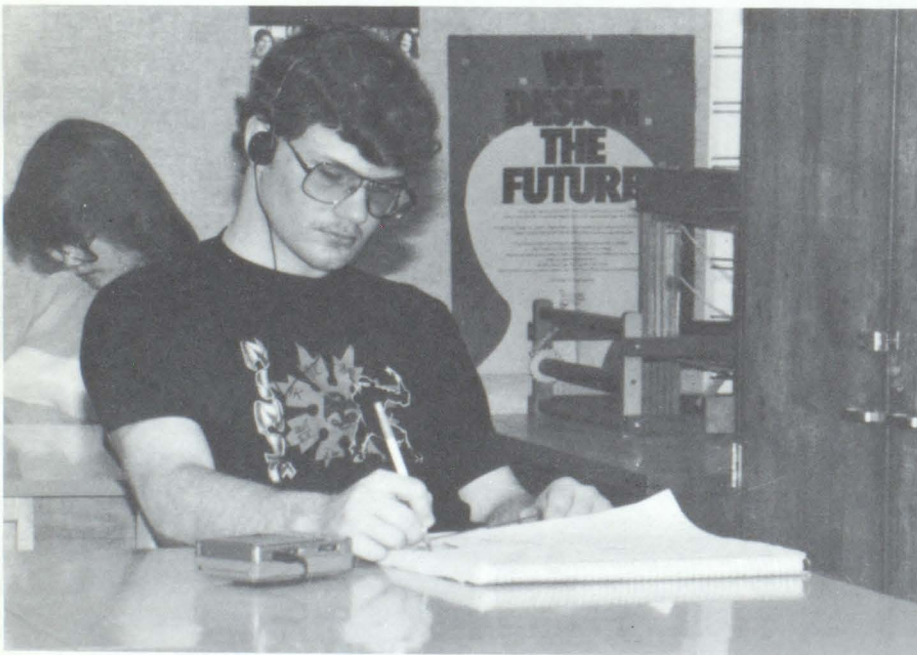

"COLOUR BY NUMBERS"

If there is one particular aspect of life that separates man from the rest of the creatures, it is his imagination. Nothing shows this limitless imagination as well as art. The art department at SCHS takes great pride in bringing out the creative side that is in each one of us. The Art Club expanded its membership, and planned an exciting trip to Chicago. With such atmosphere, it is no wonder St. Clair artists show such great talent. The art teaching is done exclusively by Ms. Elaine Perret.

(3) Rob Shinske puts the final glaze on his pottery work. (4) Nancy Barrett and Heidi Vehko discuss each others drawings. (5) Rich Kane watches intently at at the speaker. (6) Nina Heino, exchange student from Finland, works hard on her drawing.

"FEEL LIKE A NUMBER"

Today's technical world is a complex maze of sophisticated technology. Because modern ideas and equipment are based on principals of mathematics, St. Clair's diverse math program boasts basic math courses, as well as advanced courses in Algebra, Geometry, and Calculus. The SCHS computer classes also helps to expand a knowledge of technology that the students will need to meet the new demands in the computer frontier.

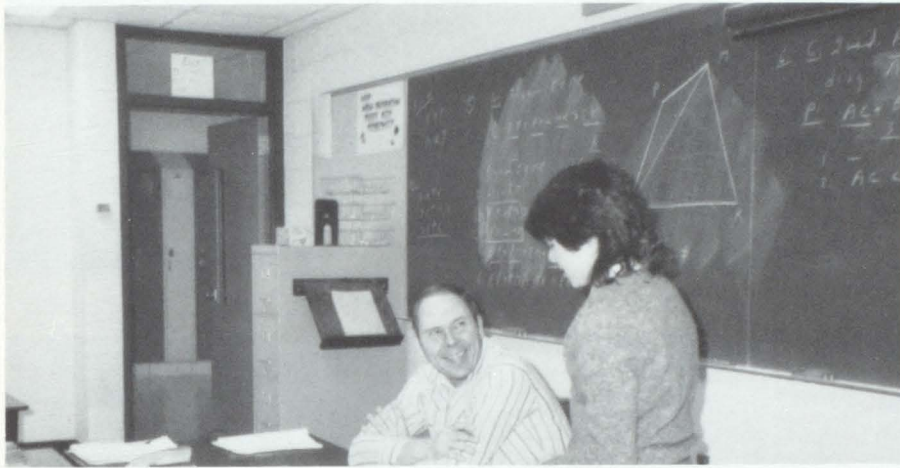

The math teachers are: Fran Okoren, Victor Reuhle, Cynthia Shafer, and Daniel Watson. LouAnn Kaufman, Jack Holodnick, and Ben Witukiewicz teach other math classes.

(1) Jeff Bohm hunts and pecks his way through a computer program. (2) Melissa McCallum is dumbfounded by computers and needs the assistance of Mr. Watson. (3) Paula Erickson struggles over her Algebra II. (4) After a long discussion about points and planes, Mr. Reuhle has a few laughs with Karen McLoed. (5) Ms. Okoren lectures the class on the importance of Algebra. (6) Everyone except Millie Pung works diligently on their Geometry.

THE GYM CLASSES GET "PHYSICAL"

Scholastic achievement is not the only emphasis of St. Clair High School. The development of our bodies is as important as the enrichment of our minds.

Physical training gives us something that will last the rest of our lives. With swimming, weight training, physical conditioning, and dance as the specialties of the department, physical education has become the important part of the curriculum that it should be. But it is important to remember that without the enthusiasm and dedication of the students, the department can never maintain the high standard of excellence that it has achieved.

"SHE BLINDED ME WITH SCIENCE"

The science classes at SCHS this year were Life Science, Biology, Advanced Biology, Physics and Chemistry. The two most popular classes among the students were Life Science and Biology. In class students learned where the different organs of the are, how other life forms live and how to safely experiment with different chemicals.

The teachers of the science classes were: Mr. Holodnick, Mr. Van Duesen and Mrs. Kaufman.

(1) Mark Miotke playing Einstien.

(2) Wendy Schwartz concentrates hard on taking notes.

(3) Rob Liva shows definite enthusiasm.

(4) Taking a test in science isn't much fun when you can't see the person across the table.

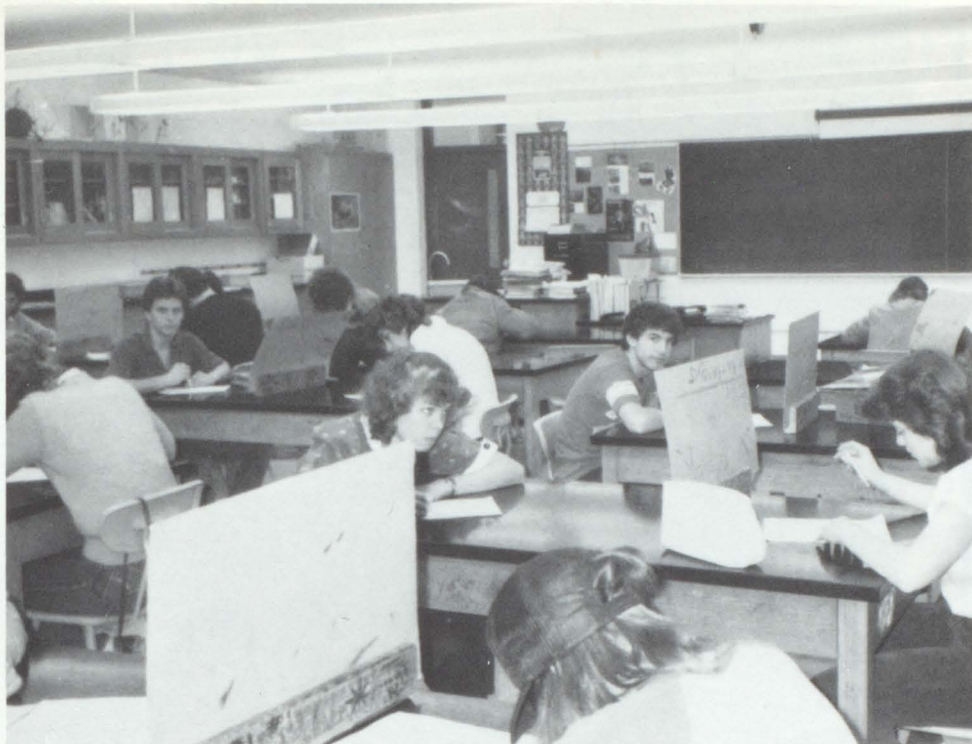

(5) Julie Netter and Wolf Krueger discuss their assignment in Advanced Chemistry class.

(6) Mrs. Louann Kaufman.

Social Studies plays a very important role in the curriculum of St. Clair High. It boasts not only the required classes of American History and U.S. Government, but also offers many additional electives. These electives cover a wide range of topics from General Law and Business Law to Psychology and Sociology. World History is also offered, along with the recently added Geography.

6

In offering these varied classes to its students, St. Clair High School hopes to broaden their understanding of social, historical, and business related issues. It is because of the fine teachers in this department that this attempt has been so evidently successful and rewarding for everyone involved. The teaching staff includes: John Cornish, Larry Goulding, and Goldwin Smith. Additional classes are taught by Pat Sullivan and Tony Monte.

THE STEERING COMMITTEES ARE IN THE "DRIVER'S SEAT"

This year the Junior Steering Committee has been very busy. They not only built the Homecoming Float, and planned the Prom, they also held a flower sale and sponsored the Sadie Hawkins Dance. Members, front: Chris Groves, LeAnn Corkins, Denise Daly, and Darius Fadanelli. Middle: Chris Biland, Mary Fran Smith, Ellen Astalos, Sharon Lamb, Fran Hopper, and Lucy Zimmer. Back: Jennifer Loznak, Beth Stampelis, Nancy Barrett, Sue Muggelberg, Dana Vogel, Joanne Israel, and Bridgett Klug.

The Senior Steering Committee organized many activities including: voting on Senior announcements, class song, flower, motto and colors, a flower sale, slave day, ski trip, "Beach Party" Dance, the Senior Prom and Graduation.

Members: Front- Chuck Fahner, Karl Bublitz, Wendy Schwarz, Jill Kaczperski, Julia Brabender, Pam Sparschu, Janice Denomy. Middle- Michele Gilleran, Beth Everitt, Dawn Bacon, Kelly Schroeder. Back- Courtenay Kinney, Julie Brisbois, Ginger Nesbitt, Steve Nowicki, Cheryl Wilke, Leanne DeMeulenaere, Amy Risk, Tom Fosgard, Mark Saunders, Heather Carman.

CO-OP AND WORK EXPERIENCE ARE “WORKING FOR THE WEEKEND”

In a competitive world, the job market needs individuals who are skilled in dealing with the problems of their trade. Seldom does any high school student get the opportunity to get this kind of experience. The work experience/co-op programs at SCHS offer students the best of both worlds. Those enrolled receive instruction in academics at the school, and job experience at their place of employment. The students learn valuable skills while earning money at a part time job. These skills give the student a head start that lasts a lifetime.

(1) Amy Rands loves to take everyone's money while working at the Grape & Cheddar in St. Clair. (2) Sheila Lenn works co-op at the St. Clair Inn in the accounting department. (3) Jill Kaczperski has work experience two hours a day as secretary for vice-principal Walt Koepke. (4) Jeff Rancilio and Jay Bennett fix (?) cars at Rinke dealership. (5) Mike Harms job is to fix everyone else's mistakes at Vic's Collision. (6) Tammie Mead works as a dedicated secretary at St. Clair Marina.

YEARBOOK STAFF PUTS "MEMORIES" IN PRINT

Yearbook. What do you think of when you hear this word? Pictures of friends, a memory of events past, a place for friends to autograph.

To the people who put the yearbook together, it is all these things and a thousand more. From the first day of selling ads to the last deadline rush, the yearbook is the only thing they are concerned with.

In one word, yearbook is--dedication.

(1) Kim Foulkes expertly squeegees some negatives. (2) Paula Lelowicz thinks deeply about headlines. (3) Kim Liebetreu and Kim Johnston do what they do best. (4) The Staff. (5) Tony Blanchard typing frantically to meet the deadline. (6) Mr. Bob Tharrett: What do I do now? (7) Laying out a yearbook is hard work, it takes the right photos, copy, and creative design. Tom Fosgard layouts always have all three.

THE STUDENT COUNCIL KEEPS ST.

Compare any spirited student bodies and you'll find a few things in common. One would be a strong student government. Led by president Marvin Bickley, vice-president Amy Sullivan, secretary Lisa Buslepp and treasurer Courtenay Kinney, they achieved many things. They organized the most successful Home-coming in recent memory, earned over \$200 for Muscular Dystrophy, a successful flower sale, and had an enjoyable exchange with neighboring Marysville.

(1) Watch out Wendy!
 (2) Courtenay attends one of many meetings for the Council. (3) Mr. Parmentier lectures to students from St. Clair and Marysville, when they came to St. Clair for an exchange.
 (4) The Council, front: Michele Gilleran, Lisa Buslepp, Courtenay Kinney, Marv Bickley, Paula Erickson, Tony Boden. Back row: Mr. Vincent, Joann Israel, Dawn Bacon, Becky Cotton, Donna Webber, Wendy Schwarz, Julia Brabender, Lisa Stoner, Joelle Ayer.

"DIRTY DEEDS DONE DIRT CHEAP"

All too often the people behind the scenes get left behind and go unnoticed. We do not wish this to be the case with our school custodians. Every night they relentlessly take care of our building. Many of us simply assume that the school is always clean. It takes hard work to keep this building in its accustomed excellent condition. Think for a moment what this building would be like without custodians. It is not a pretty thought. So let's give credit where it is due and thank our loyal custodian for a job well done. We just couldn't run the show without them.

4

5

(1) Night Custodian Richard Nichols gets the job of straightening the Spanish room after Mrs. Horning and her classes make their mess. (2) The one and only female member of the custodial staff is Kimberly Balfour. In this picture, she pushes her supply cart to her next destination -- Ms. Okoren's room. (3) Denny Daniels who is head night custodian, sweeps up all the goofs that were made in the day of typing. (4) Ray Klaski stops for the camera after the tiring job of sweeping the bathroom. (5) Stepping out of his office is Head Custodian Bob Bryson. (6) After everyone has gone, someone has to clean the mess we have left behind, and Louie Riffenberg does that well. Custodians that are not pictured are: Richard Zeck and Tim Sharrow.

Without the undying support of local patrons and businesses, the cost of this yearbook would be considerably greater. Each patron who has made a donation to this yearbook did so because they felt it was a project worthy of their considerable support.

The businesses of our community reflect many facets of life in St. Clair and the surrounding area. Each year many of the same people donate to the yearbook; this reflects the generous nature of the citizens of St. Clair. If only every community had sponsors so dedicated and generous, then every school could enjoy a yearbook so representative of its fine surroundings.

The staff of the 1983-84 yearbook would like to once again extend our thanks towards each and every sponsor. Without them, it just wouldn't work.

**When you look for a job,
they'll ask for experience.**

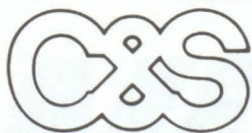

Whether you're headed on for more schooling or you're headed into the job market right now, one thing's for sure.

Employers are looking for experience.

When you look for a bank to begin handling your accounts you should ask for experience, too.

Experience means when you need a bank for more than saving and checking, they'll be able to handle your needs.

The bank with the most experience in St. Clair County is The Commercial and Savings Bank. We've been helping people and businesses continuously since 1871. That's experience!
